EXHIBITION PROSPECTUS / INAUGURAL EDITION

1st International Energy Exhibition London 2027

Oil · Gas · Renewable Energy

24–27 May 2027 · dates provisional

Magazine London · Greenwich Peninsula

Help shape this first edition: express interest without obligation.

Exhibitor & sponsor interest by 15 December 2026

UKIEE.COM

The purpose of the exhibition

An independent London exhibition bringing together the industries, technologies and people involved in energy.

WHY THIS INITIATIVE?

The 1st International Energy Exhibition London 2027 is being developed as a practical meeting place for manufacturers, engineering companies, equipment suppliers, energy operators, developers, investors, institutions and technical specialists.

It is organised by UK Petroleum Co. Ltd to encourage industry dialogue, product presentation and professional connections across conventional and renewable energy. This is a first edition; proposed attendance, meetings and commercial outcomes are not guaranteed.

THREE MAIN EXHIBITION SECTORS

01 **Oil**

Exploration, production, refining, pipelines, storage, equipment and services supporting industrial operations.

02 **Gas**

Gas processing, LNG, compression, transport, terminals, gas-fired generation and related systems.

03 **Renewable energy**

Solar, wind, hydro, energy storage, grids, efficiency and complementary low-carbon technologies.

Who is invited?

For industry organisations and professionals working in oil, gas, renewable energy and their supply chains.

OFFSHORE ENERGY INFRASTRUCTURE

Industry operators, manufacturers and technical services

Illustrative visual

Operators & developers

Oil and gas operators, utilities, renewable developers, power generators and infrastructure owners.

Manufacturers & suppliers

Industrial OEMs, equipment manufacturers, instrumentation, cables, valves, pipelines, storage and grid equipment.

Engineering & services

EPC/EPCM firms, contractors, testing, inspection, operations, maintenance and technical specialists.

Institutional & commercial

Investors, distributors, government bodies, chambers, universities, research and trade organisations.

Visitors

Professional visitors can explore products and services, compare technologies, meet suppliers and make contacts. Admission is intended to be free; advance registration and final access arrangements will be announced.

Exhibition space & costs

Guide prices from the organiser's published exhibitor application. All amounts include VAT.

FORMAT	SIZE	GUIDE PRICE
Shell stand	9 m²	**£6,075**
Shell stand	12 m²	**£8,100**
Shell stand	18 m²	**£12,150**
Space only	18 m²	**£11,250**
Space only	24 m²	**£15,000**

A 9 M² SPACE-ONLY CALCULATION

At the published rate of £625 per m² including VAT, a 9 m² area would calculate to £5,625. However, the currently published minimum for space only is 18 m². Therefore, £5,625 is not an available 9 m² booking price. The published 9 m² offer is a shell stand at £6,075 including VAT.

WHAT IS INCLUDED?

Shell stand specifications, graphics, furniture, power, internet and other technical services depend on a written quote and final stand specification. A non-binding enquiry does not reserve space. Final pricing, allocation and services must be confirmed in writing.

How to express interest

This is an interest-gathering exercise, not registration or a booking. No payment or reservation arises from an enquiry.

01 Exhibit

Describe your company, sector, products or services, and preferred stand format or area.

02 Sponsor

Explain the activity you would like to support, your audience and indicative budget.

03 Visit

Express interest as a professional visitor to receive admission information when available.

04 Speak or cover the event

Suggest a subject for consideration, or request press accreditation with publication details.

EXHIBITORS AND SPONSORS: PLEASE RESPOND BY

15 December 2026

Expressions of interest are non-binding and are not registration. Enquiries help shape the exhibition. The event dates and arrangements may change according to the level of interest and other circumstances. 29 January 2027 is a working target for a consolidated update, not a guaranteed finalisation date.

Venue & visitor information

Magazine London, on the Greenwich Peninsula in south-east London.

LOCATION

Magazine London

11 Ordnance Crescent
Greenwich Peninsula
London SE10 0JH
United Kingdom

EVENT DATES

24 May 2027
Planned exhibitor build.

25–27 May 2027
Planned visitor days.

Dates may change subject to interest and operational circumstances.

GETTING THERE

Underground	North Greenwich (Jubilee line), approximately 3–5 minutes on foot.
River transport	North Greenwich Pier, approximately 9 minutes on foot.
Parking	No general visitor parking on site. Public transport is recommended.

ADMISSION & ACCESSIBILITY

Professional visitor admission is intended to be free. Final daily opening hours and access arrangements have not been published. The venue describes step-free ground-level access and a lift to the mezzanines. Exhibitors must coordinate loading, safety and accessibility requirements directly with the organiser.

Accommodation nearby

A budgeting guide rather than a hotel booking offer. Prices shown are not verified rates for the exhibition dates.

HOTEL	TRAVEL / AREA	From per night*
InterContinental London – The O2	Greenwich Peninsula; walking distance	**£190**
Hilton London Canary Wharf	Canary Wharf; local connection	**£170**
Frasers Hotel Canary Wharf	Short cross-river transfer	**£154**
Novotel London Canary Wharf	Canary Wharf; local connection	**£195**
ARK Canary Wharf	Short transfer by road or tube	**£83**

SUGGESTED PLANNING ALLOWANCE

Allow approximately £150–£250 per room per night for a mid-range business stay as an initial budget assumption, not an observed May 2027 average. Rates may be higher during major events or with breakfast and flexible cancellation. Recheck live rates for your exact arrival and departure dates.

*Advertised “from” prices in the earlier catalogue were taken from Magazine London’s accommodation information. These properties are not presented as official exhibition hotel partners. Source: magazinelondon.co.uk/accommodation/.

Sponsorship & exhibitor services

Partnership support is welcome. Scope, benefits and technical services are agreed directly with the organiser.

SPONSORSHIP

Corporate support, sector sponsorship, branding, hospitality and technical-area partnerships can be discussed. Sponsorship does not automatically include stand space, a speaking place or access to buyers; any benefits must be agreed in writing.

INDICATIVE PUBLISHED PARTNERSHIP REFERENCE POINTS

Selected activity packages	**from £5,000**
Technical or featured activity	**from £7,500**
Larger programme opportunities	**from £12,500**
Principal event package	**£25,000**

EXHIBITOR LOGISTICS

Please coordinate the following with UK Petroleum Co. Ltd before commissioning services or shipping equipment:

- Stand design, shell specifications, graphics and construction approvals
- Electrical supply, internet, AV, lighting and specialist rigging
- Freight, customs, deliveries, storage and handling
- Contractor access, exhibitor passes, insurance and fire safety
- Build / breakdown schedules and any live demonstration requirements

No sponsorship deliverable or technical service is included unless expressly stated in an accepted written quotation.

Industry organisations & media

The logos and organisations below appeared in earlier organiser materials. Current status and permission to reproduce logos require reconfirmation before public circulation.

MEDIA OUTLETS — PREVIOUSLY PUBLISHED

Energy Digital

Tank Storage News America

CHAMBERS AND INDUSTRY ORGANISATIONS — PREVIOUSLY PUBLISHED

Pakistan Britain Business Council

Pakistan Britain Business Council

British Bulgarian Chamber of Commerce

British Bulgarian Chamber of Commerce

BCC British Chamber of Commerce Czech Republic

British Chamber of Commerce in the Czech Republic

ACADEMIC AND CONFERENCE PROGRAMME

The University of Texas at Austin Energy Institute

University of Texas at Austin – Energy Institute
Previously shown among supporting organisations in earlier materials.

Cranfield University

Identified in exhibition materials as conference-programme organiser. Conference sessions and speakers remain under development; this listing is not a claim of current formal endorsement.

Previously published material also referenced the British-Kazakh Society. Its logo is not reproduced here pending verification. Logos do not establish current attendance, sponsorship or formal endorsement.

Frequently asked questions

Practical answers for visitors, exhibitors, sponsors and media.

01

Is visiting free?

Professional visitor admission is intended to be free. Advance registration and final entry conditions will be announced.

02

When will visitors attend?

The current plan is 25–27 May 2027 for visitors and 24 May for set-up. Dates may change depending on interest and other circumstances; opening hours are unconfirmed.

03

Is this registration or a booking?

No. This is interest gathering only. It is neither registration nor a stand booking; participation requires a separate written confirmation.

04

Is a 9 m² space-only stand available?

Not under the current published options. Space-only bookings start at 18 m². A 9 m² shell guide is £6,075 incl. VAT.

05

Does sponsorship include speaking?

Not automatically. Rights, deliverables and pricing are determined in the applicable written agreement.

06

Can the organiser provide visa assistance?

You may ask about an invitation letter once participation arrangements are confirmed. Such letters do not guarantee a visa.

07

How can media obtain accreditation?

Email the organiser with your outlet, role, intended coverage and relevant published work.

08

When should we express interest?

Prospective exhibitors and sponsors are requested to respond by 15 December 2026, without obligation.

Expression-of-interest notice

Important information about the purpose of this catalogue and the provisional nature of the first edition.

1. PURPOSE: GATHERING INTEREST ONLY

This catalogue and any accompanying enquiry form are intended only to gather expressions of interest from potential exhibitors, sponsors, visitors, speakers, media and supporting organisations. Responses will help the organiser assess demand, shape the event, plan the three energy sectors and develop practical arrangements.

2. NOT A REGISTRATION, RESERVATION OR CONTRACT

Submitting an enquiry is not registration for the exhibition, a visitor ticket, an exhibitor application, a stand reservation, a sponsorship agreement or a legally binding commitment. It does not guarantee an invitation, stand, speaking opportunity or other benefit. Any subsequent booking or partnership requires separate terms and written confirmation.

3. EXHIBITION DATES AND ARRANGEMENTS MAY CHANGE

The announced period of 24–27 May 2027 is the current plan, not an unconditional commitment. The organiser may adjust the dates, duration, opening hours, programme, space allocation or other arrangements depending on the level and nature of interest, venue and operational circumstances, approvals, external events or other practical factors. Material changes will be communicated through the official exhibition channels.

4. INDICATIVE PRICING AND SCOPE

Prices, facilities and sponsorship ideas in this catalogue are indicative and subject to availability, written quotation, approved specifications and applicable terms. The brochure does not constitute an offer to sell exhibition space or sponsorship.

5. ENQUIRIES AND PERSONAL INFORMATION

UK Petroleum Co. Ltd may use details submitted to review interest, follow up with the organisation and share relevant event updates, in accordance with its published Privacy Policy and applicable data-protection requirements. Do not submit confidential commercial information at this preliminary stage.

Exhibitor and sponsor interest deadline: 15 December 2026. This is a requested response date, not a registration closing date. Before committing to travel, stand production or related expenditure, obtain the organiser’s current written event and participation details.

AN INVITATION FROM THE ORGANISER

Help shape the first edition.

Would you like to take part in shaping this initiative? Please let us know. We welcome non-binding interest from exhibitors, sponsors, energy companies, professional visitors, academic organisations, speakers and media.

PLEASE REPLY BY 15 DECEMBER 2026 IF YOU WISH TO EXHIBIT OR SPONSOR

This is not registration: Your response is used only to gather interest and help the organiser develop the exhibition. Dates and other arrangements may change depending on the interest received and other circumstances.

Innovation Today. A Cleaner Tomorrow.

UKIEE 2027 - FIRE / EGRESS COORDINATION OVERLAY

2.5 m gangway grid overlaid on the supplied Vibration ground-level fire-exit drawing. Exit approaches remain outside booth footprints.

Important: source Vibration drawings themselves state that measurements must be checked on site and the printed plan must not be scaled. Booth geometry is dimension-driven; this overlay is for coordination and visual verification.
